

# IT'S NOT JUST A BAG. IT'S A CAUSE.

WOUNDED WARRIOR BETH KING

Giving and giving back are great ways to show appreciation year round. Giving with Basecamp® products extend your dollar even further.

We are proud to partner with Wounded Warrior Project and will be donating 1% of SnugZ Basecamp sales with a minimum of \$100,000 per calendar year to support its mission to honor and empower wounded warriors.

When you customize Basecamp products, you can feel good about the longevity of your product and the lasting impact on those who fought for our freedom.

Basecamp products are made for everything from the backcountry to the boardroom and are crafted with quality materials and rugged construction. So whether you're tearing it up at the conference or on the trail, they'll stand the test of time.
